Gentlemen.

In reply to your favor relative to stamps on Letterheads, would say that I would be pleased to have same forwarded to me although at the present time I don't care to select many at high value, or would make the others. Please send the requested postage and should I select only a few will pay charges little more.

Thanking you in advance for the stamps & Envelopes, and wishing you good success at all Conventions,

Yours Truly,
W. H. Watson

Mrs J. H. & N. C. Chapman
Goshen,

Replying to your favor of
2nd inst. I am just as much interested
as ever in both Stamps and Coins
and would like to have you continue
the auction catalogues, although my
purchases have been limited. Last
season I missed two sales - one
I was in S. America, and the last
one on account of sickness.

In regard to the stamps, some
time ago I purchased a large album
with quite a large collection of used
foreign stamps, at the present time
I am endeavoring to re mount these
in a new album but find
this a busy world when it comes
to finding time for the kind

I wish, hence I would not care if I have you go to the trouble to send me a lot of stamps, when I would possibly select so few, not just knowing what I need.

Yours truly
